

Feedback from Swindon's Life after P-scales Conference – June 2018

Enlightening and exciting
- looking forward to
being involved in next
steps.

Very interesting day and
exciting to see how this
will help children in the
future to reach their full
potential.

I have felt that this
event was very much
valued.

Very informative, lots
of excellent info.
through presentations
and discussions.

Very well organised. Great
to see such diversity of
provision represented.
Thought provoking.

Feeling of collaboration
across parent groups,
mainstream and special
schools, SRPs, LA.

Good to see Swindon at the
forefront of educational
research - it would be good
to see this being offered &
promoted more widely.

Thank you for this
conference we are very
lucky!!!

Always find it helpful to
gain practical tools to
take away.

No improvements - an
excellent & very
valuable day, Thank
you.
